

To Market Day Hell and Back

What we did last week:

Some of us went on a little overnight shopping trip to Fredricksburg while others went to Hell and Back. Hope y'all enjoyed the weekend. Feel free to post pictures on the chapter Facebook page. I'm sure there are stories but everyone is being unusually quiet about it. Hmmm.

Suspiciously quiet about that recent LOH event too. Double hmmm.

Abel no longer has the Ops HOG. It's Smiley's turn.

In other news:

I had an interesting experience this weekend. A motorcycle pulled out in front of me on 1376 from 473. He was trying to keep up with his group that had already turned and was up ahead and made a right without stopping. I could tell he wasn't going to stop so had already slowed in anticipation, having to hug the center to accommodate him. I'll say it again, **RIDE YOUR OWN RIDE!** This fool wasn't. We brief it in every group ride and we mean it. Follow the group sure, but don't worry if they go and you can't. You ride within your skills to stay safe. The group will wait for you up ahead. If I had been a typical oblivious cage jockey, this would have ended tragically for him. Don't be that guy.

**Respectfully,
Your Squirrel**
